Indoor gardening

What you need!

1. Ziploc bag
2. Paper towel
3. Seeds

This is easy peasy!

1) Dampen a paper towel with water
2) Place seed inside paper towel, and fold it up.
3) Place paper towel and seed inside of Ziploc bag
4) Tape bag up in a window
5) Watch how the seed germinates and grows!
6) Make a chart or a graph of growth.
7) When seed has grown out and above the paper towel, plant outside.
