

Washington Schools 2020 Reopening Plan Template

Each school district, charter school, and state-tribal education compact school (“local education agency” or “LEA”) must adopt a reopening plan for the 2020–21 school year through local board resolution. The Office of Superintendent of Public Instruction (OSPI) developed this Washington School 2020 Reopening Plan Template in consultation with the State Board of Education (SBE).

[LEAs must use the 2020 Reopening Plan Template and file their plan with OSPI and the SBE within two weeks of the LEA’s fall starting date by completing the online survey.](#)

The LEA’s reopening plan must be approved by its governing body and posted on the LEA’s publicly available website prior to the opening of school. There are three major sections of the template with attestations or descriptions required for the components of each major section. Please fill out the template completely.

Each LEA should continue to monitor its reopening plan throughout the year and update as needed. We strongly urge you to continue your work engaging your parents, families, students, employees, and community partners while developing your reopening plan.
