A PowerPoint presentation from the meeting was shared and reviewed on screen with the Board, including a budget status recap and information on how ESDs are playing a substantial role in supporting school district needs during the current environment throughout the COVID-19 pandemic.
• AESD Annual Conference 2021 has been cancelled. The rotation of hosting future conferences was discussed and the Board proposed holding the annual conference every other year beginning spring 2022 by partner ESDs. After the Executive Board members share with their individual ESD Boards, a final decision would be made. OESD Board members shared thoughts and discussed, noting support for the conference to be held every other year.
Board Vacancy: Board members discussed potential candidates to fulfill the unexpired term of Director District 1. Based upon interest, candidate interviews will be scheduled in the near future via Zoom.

Annual Retreat: After a new Board member is selected to fulfill Director District 1, plans for a retreat will be discussed.

Board Member Shirley Johnson: A brief update on efforts to make contact was shared. Thus far, no response has been received.

Legislative Report/Update: OESD Legislative Representative Stephanie Parker noted that the details would be shared via Superintendent Lynch’s report.

Superintendent’s Report: (Any personal pronouns used during the Superintendent’s report to the Board are specifically in reference to the superintendent.)

Legislative, State & Region Items of Interest

AESD Legislative Goals 2020-21: 1. Allow ESD employees access to health care through Public Employee Benefits (PEB). 2. Change legislation to expand ESD’s authority to provide services beyond school districts (SDs). 3. Maintain existing ESD state funding.

All ESDs continue to provide professional development (PD) around teacher/classroom staff skills using technology to teach students in a virtual environment. PD support includes parent materials in multiple languages so that parents can provide support to their own children while in a virtual learning environment.

Personal protective equipment (PPE) distribution: ESD 112 planned, and coordinated in conjunction with all ESDs, the distribution of over ten million PPE items to SDs and private schools in WA for a cost of $5.4M.

While the most recent state economic projections include ~+$600M of unexpected revenue, the projected state budget deficit is still above $8.0B. There is no indication a special session will be called before November elections. For all ESDs an approximate 15% state budget reduction is likely.

The Governor’s proclamation prohibiting public meetings in public buildings, under Open Public Meetings Act guidelines, was extended again at the end of August; this latest extension expires at midnight, October 1.

ESD Superintendents gathered in person at ESD 113 on Tuesday, September 15 to discuss AESD activities including the roles and responsibility of the AESD Network Executive Director.

Districts coordinated by County to synchronize efforts with decisions on holding school remotely, hybrid, or in person. OESD region and statewide learning platforms data were reviewed. Districts are focused on beginning any in-person school in small groups with emphasis on special needs. As of September 15, the OESD has held 49 meetings and has shared over 79 email updates with superintendents in the region. During typical school years, the meetings are held once per month.
