

Children with Health Alerts and Pick-Up Alerts are added to ChildPlus using the “Flags” button.

When you are clicked on the child under the health tab you will see the below screen and the word “Flags” (Green Arrow-it is at the top of the page).

-Click on the “Flags” tab

Child AaaTest x +

Exp.	Event Type	Date	Status	Expiration Date	Days Until Expiration	Actions	Needs Referral	Needs Follow-Up	Needs Eval.	Needs Tx	Received Tx
------	------------	------	--------	-----------------	-----------------------	---------	----------------	-----------------	-------------	----------	-------------

-Once you click on the “Flags” tab you will see the below screen.

Groups Child AaaTest belongs to

	Group Name	Flag Notes
<input checked="" type="checkbox"/>	Health Alert	Allergy to red dye-Health Alert
<input checked="" type="checkbox"/>	Pick Up Alert	
<input type="checkbox"/>	Health Advisory Committee	
<input type="checkbox"/>	IEP/IFSP	
<input type="checkbox"/>	Policy Council	

-You will choose which Flag you would like to create and write a brief statement in the “Flag Notes” section.

-Hit “Ok” at the bottom of the page to save your new flag.

As Health Alerts and Pick-Up Alerts change you will need to go in and update ChildPlus.
