

Post-Partum Screening

The Post-Partum Screening event is added when an enrolled prenatal parent gives birth.

Health Tab. Events tab. Click Add Event. Select Post-Partum Screening. Data Enter:

Scheduled Date (Upon birth of infant, create event and enter scheduled date. The scheduled date is 90 days after infant's date of birth, which is the program requirement due date for post-partum screening.)

Event Date (date screening is completed)

Status (In Process or Complete)

Agency Worker

Provider Type (If the parent is being screened through our contracted referral system with the Kitsap Public Health District, select Public Health Nurse)
