

head start birth to age 3 center based

Located at Discovery Alternative High School, OESD's Early Head Start program provides young families with infants and toddlers resources they need to thrive before and after the baby is born. Families interact with their child throughout the day, strengthening their bond, encouraging a love for learning, and supporting their child's overall development.

early head start prenatal to age 3 home based

OESD's Home-Based Early Head Start program comes to you! A qualified home visitor will visit your home once a week to share fun activities designed to advance your child's development. This no-cost option is available for families with children from birth to three years old that qualify for Early Head Start services, but do not require all-day care.
