ABOUT INSTRUCTIONAL SERVICES (Professional Development and Teaching & Learning)

Instructional Services – High Levels of Customer Satisfaction

During the period between September 2014 and April 2015, 677 educators in the OESD 114 region participated in professional learning opportunities through the Regional Math, Literacy and Science Teams, where the primary learning focused on the Common Core Standards for English Language Arts, Mathematics and the Next Generation Science Standards and the Instructional Shifts necessary to fully implement these learning standards.

A Note from Bremerton SD . . .

As a district, we would like to thank both OSPI and ESD 114 for providing Fellow and Regional Leadership Team opportunities for ELA, Math & Science.

We value the chance they provide to build teacher leadership capacity and obtain high-quality professional development. The Fellows/RLT/MLT/SLT leaders play a critical role in our district professional development structure.

~ Kelly Leavell, Professional Development Coordinator

2014-2015 Program Outcomes

Teacher survey data revealed the following:

% = Agree/ Strongly Agree responses

Survey Question, "As a result of the PD, I . . ."	Math	Science	ELA
a) Increased my understanding of the Standards	90.6%	91.7%	86.4%
b) Deepened my content knowledge	87.2%	77.1%	82.2%
c) Increased my knowledge and skills in using effective Instructional practices	94.5%	90.2%	87%
