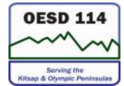
PRENATAL WELLNESS ASSESSMENT



PURPOSE

To build relationship with pregnant moms and families through engaging conversations while gathering information about their confidential health history. Staff must make sure that pregnant women enrolled in Early Head Start have access to ongoing prenatal health and dental care as well as other family resources per Head Start Performance Standard 1302.80-1302.82. Information gathered during these conversations will support family goals, identify needs for support, and inform planning of upcoming Home Visits.

Medical/Dental Insurance/Homes
- Determine whether the pregnant woman has medication and dental coverages and is receiving regular prenatal and dental care.

Pregnancy Services
- Determine current services and assess resources needed.

Nutrition
- Determine family's plan to breast of formal feed. Assess the need for more information.
- Review maternal nutrition status. Offer Referral to internal Nutritionist.

Risk assessment
- Identify health concerns and other factors that may affect the pregnancy and birth and offer resources as needed.
- Consult with supervisor, Public Health Nurse Consultant, program managers with questions or concerns.

Pregnancy Goals
- Identify family's preparation, strengths and expectations for upcoming birth.
