### \*CAR SEAT INFORMATION

- After you input the recipient's accurate age, weight and height and type of seat belts the vehicle has, the system will determine the appropriate car seat for that child.
- **Convertible** car seats are for kids 5lbs - 40lbs. If you order an infant car seat, you may get a convertible, which is also appropriate for an **infant** who weighs at least 5lbs
- Children must be at least 4 years old and weigh 40lbs to get a **booster** car seat.

### \*\*\*LAYETTES

- Can be ordered anytime after the start of the third trimester

- It is helpful if you print a picture of a car with a LAP belt only and one with LAP AND SHOULDER BELTS, to make sure the family understands that this question is about the CAR (not the car seat itself) so that we can give them the correct car seat. (See photos below)
- If requesting an infant car seat/stroller combo: order both and in the comments for both write "Combo"
